►► Overview

Sharpshooter X-Ray Full Body Scanner System applies Qilootech's Micro Dose X-Ray Technology to screen people with less than 0.20μSv per scan. The full body inspection system can effectively detect metallic and non-metallic contraband and threat such as weapon, explosives and drugs concealed both internal and external of the body. Qilootech's Ultra-Fast Technology achieves less than 3 seconds per scan, and Autowalk Like Design is capable of more than 1200 people scanned per hour.

Main Specifications	
Working power	AC220V / 50 Hz
Peak power	2000W
Working temperature	0°C~45°C
Working environment humidity	15%~95%
Storage ambient temperature	-20 ° C ~ 70 ° C
Storage environment humidity	15%~95%
Equipment size	Cylindrical Height: 2770mm Radius: 927mm
Equipment weight	≤800 kg

1. Green & Safe

Safe millimeter wave imaging technology, no ionization radiation in both working and non-working conditions; The device has low transmission power, low power consumption, green, safe and environmental protection.

2. Comprehensive inspection

Omni-directional scanning and high-quality imaging fully and effectively restore the true shape of suspicious objects without blind spots.

The high-performance three-dimensional circular array scanning technology is used to realize the omnidirectional rotation scan of the human body surface, effectively covering the whole body and having no angle blind zone; Using multi-angle imaging technology, the collected human body image data is rich and of high quality;

The three-dimensional dynamic image of the human body shows a strong three-dimensional effect.

3. Intelligent and accurate

The industry-leading artificial intelligence algorithm, based on tens of millions of data, uses deep learning technology and accurate algorithm iterative model to continuously improve accuracy.

High detection rate and low false positive rate; Accurately detect and identify the location of suspicious items and alarm; Effectively cover metal and non-metallic suspicious objects such as ceramics, powders, liquids, plastics, colloids, knife guns, explosives, bombs, flammable, explosive, etc.

4 Automatic and efficient

The system automatically and quickly identifies and alarms without manual intervention. The examinee can stand still for 3 seconds in a specific standing position to complete the whole body scan;

5. Privacy protection

Non-contact scanning;

The display side displays the results of the examination in the form of males and female figures, and the privacy of the human body image is blurred.

HPLC Servicing, Validation, Trainings and Preventive Maintenance :

HPLC Servicing :HPLC Servicing : We have team of service engineers who can attend to any make of HPLC promptly @the most affordable cost.

Trainings :We also take up preventive Maintenance to reduce downtime of HPLC's Trainings.

AMC's/CMC :AMC's/CMC :We offer user training both in-House and at customer sites on HPLC principles, operations, trouble-shooting.

Validations :Validations :We have protocols for carrying out periodic Validations as per GLP/GMP/USFDA norms.

Instruments :Instruments :We offer instruments/Renting Services Modules like pumps,detector etc. on Rent.

About Analytical Technologies

Analytical Technologies is synonymous for offering technologies for doing analysis and is the Fastest Growing Global Brand having presence in at least 96 countries across the global. Analytical Technologies Limited is an ISO:9001 Certified Company engaged in Designing, Manufacturing, Marketing & providing Services for the Analytical, Chromatography, Spectroscopy, Bio Technology, Bio Medical, Clinical Diagnostics, Material Science & General Laboratory Instrumentation. Analytical Technologies, India has across the Country operations with at least 4 Regional Offices, 6 Branch Offices & Service Centers. Distributors & Channel partners worldwide.

Our Products & Technologies

UV/VIS
Spectro 2080+
Double Beam

Infra FTIR

Optima Gas
Chromatograph
3007

Optima Gas
Chromatograph
2979 Plus

Flash
Chromatograph

Corporate Social Responsibility

Analytical Foundation is a nonprofit organization (NGO) found for the purpose of:

Analytical Foundation

1. Research & Innovation Scientist's awards/QC Professional Award : Quality life is possible by innovation only and the innovation is possible by research only, hence ANALYTICAL FOUNDATION is committed to identify such personalities for their contributions across various field of Science and Technology and awarding them yearly. To participate for award, send us your details of research / testing / publication at Info@analyticalfoundation.org

2. Improving quality of life by offering YOGA Training courses, Work shops/Seminars etc.

3. ANALYTICAL FOUNDATION aims to DETOXYFY human minds,souls and body by means of yoga, Meditation, Ayurveda, Health Care, Awards, Media, Events, Camps etc.
