

# Matrix Rhythm Therapy

EPCC / PRODUCTS / APPLICATION / SOFTWARE / ACCESSORIES / CONSUMABLES / SERVICES

**Analytical Technologies Limited**

An ISO 9001 Certified Company

[www.analyticalgroup.net](http://www.analyticalgroup.net)

By the help of the results of fundamental research, an instrument with a purpose- built mechanical- magnetic resonator was developed.

In Matrix Rhythm Therapy, the resonator of the device is to be placed on the areas to be treated and the physiological processes are normalised by phase-synchronous, magneto-mechanical oscillations in a freely adjustable range of 8 to 12 Hz. The patented design of the resonator stimulates the physiological self oscillation of the skeletal muscle and the nervous system and re-establishes the balance.

By rhythmic micro-extension the Matrix Rhythm Therapy has an effect on the cytological level. Leading finally to the structuring of cellular microprocesses, which is a requirement for well-working cell.

## Technical Data

Electric Power Supply	230V, 50/60Hz , max 35 VA	
Components	Manual-Applicator (Titanium)	Control Unit (Stainless steel)
Size	Length 23cm, diameter 4cm	L x W x H 21 x 18 x 16 cm
Weight	690g	2730g

- Only noninvasive therapy to restore rhythm of cells and muscles
- Only medical equipment with self-regulating frequency

For the restoration of a function and structure of the tissue the goal is to revive the micro-rhythmicity and readapt the micro circulation..

Image by- Dr. Bhoomika Prajapati (PT)

After 3 session of 1 hour each

Matrix Rhythm Therapy restores the good tissue resonance, characteristic for the skeletal musculature, by frequency and amplitude modulation. The applicator produces a lifting action at the same time as a horizontal micro extension movement, which is transferred to adjacent inner organs, bones and skin. As the neural tension is normalized, the venous and the lymphatic flow of the entire area of improved micro circulation is accelerated. Extra cellular matrix clearance increases.

Image by- Dr. Shrinivas (PT)

After 3 session of 1 hour each

By a subliminal sympatholytic and vagotonic stimulation of the proprioceptive field, imbalances resolves themselves also in the fasciae whereby the tonus of the tissue is generally normalized and the resonator quality is increased.

Image by- Dr. G. Aravind (PT), Hyderabad

After 3 session of 30 mins. each

Considering that the life is inseparably linked to rhythm and movement. The question is- which factors influence during life consciously or unconsciously both of these (rhythm and movement) untill death occurs? What is the relavance of dynamic which expresses itself macroscopically in movement and on the microscopic level in elasticity and plasticity of colloidal body tissue?

Image by- Dr. Priyanka Mijar (PT), Mumbai

After 1 session of one hour

A healthy body does not feel any part. Positively motivated it enjoys life.

During the ages psycho-emotional body stress are increasing. Flexibility of soft tissue and mobility of joints are decreasing. The body is getting more and more stiff.

Image by- Dr. Sandeep Bhagwat (PT), Solapur

After 1 session of one hour

It is well known that a bone without covering the soft tissue after a surgically attended fracture can only heal with difficulties or not at all. Connecting tissue, muscles and fascias shortens because of reduced micro circulation, hypoxia of the tissue and ↓ATP for repolarization and relaxation.

Image by- Dr. Sandeep Bhagwat (PT), Solapur

After 10 sessions of one hour each

Chronic diseases are linked to lack of oxygen. Connecting tissue pain is the cry of the tissue for oxygen! Reduction of the sympathetic load needs oxygen on the level of cells to avoid pain and contractions preventively.

Image by- Dr. Sandeep Bhagwat (PT),  
Solapur

After 6 sessions of one hour each

The visco-elasticity changes at the microscopic level of the muscle leads to painful intramuscular hardenings such as myogelosis. These contracted muscle fibre are no longer available for motive work. Over the time, movements become limited and there are shortenings in the fascia system with resulting squeezing and impairment of the motion of the cells, vessels and nerves passing through the fascia. This produces visible avoidance motion with relieving postures and even growth disturbances (scoliosis) and muscular breakdown.

Image by- Dr. Arvind Gil (PT.),  
Hoshiarpur, Punjab

After 1 session of 2 hours.

Matrix Rhythm Therapy helps in activation of venous and lymphatic flow, acceleration of the thixotropic reaction from gel to fluid, reduction of viscosity, regulation of the interstitial pH value, increase of tissue temperature to normal temperature.

Case by:  
Dr. Sandeep Bhagwat, Solapur

Result after three sessions

## HPLC Servicing, Validation, Trainings and Preventive Maintenance :

**HPLC Servicing** :HPLC Servicing : We have team of service engineers who can attend to any make of HPLC promptly @the most affordable cost.

**Trainings** :We also take up preventive Maintenance to reduce downtime of HPLC's Trainings.

**AMC's/CMC** :AMC's/CMC :We offer user training both in-House and at customer sites on HPLC principles, operations, trouble-shooting.

**Validations** :Validations :We have protocols for carrying out periodic Validations as per GLP/GMP/USFDA norms.

**Instruments** :Instruments :We offer instruments/Renting Services Modules like pumps,detector etc. on Rent.

## About Analytical Technologies

Analytical Technologies is synonymous for offering technologies for doing analysis and is the Fastest Growing Global Brand having presence in at least 96 countries across the global. Analytical Technologies Limited is an ISO:9001 Certified Company engaged in Designing, Manufacturing, Marketing & providing Services for the Analytical, Chromatography, Spectroscopy, Bio Technology, Bio Medical, Clinical Diagnostics, Material Science & General Laboratory Instrumentation. Analytical Technologies, India has across the Country operations with at least 4 Regional Offices, 6 Branch Offices & Service Centers. Distributors & Channel partners worldwide.

## Our Products & Technologies

UV/VIS  
Spectro 2080+  
Double Beam

Infra FTIR

Optima Gas  
Chromatograph  
3007

Optima Gas  
Chromatograph  
2979 Plus

Flash  
Chromatograph

Atomic Absorption  
Spectrophotometer

Liquid Partical  
Counter

Optical Emission  
Spectrophotometer

Analyzer

Laser Particle  
Size Analyzer

Ion Chromatograph

Water purification  
system

## Regulatory compliances

## Corporate Social Responsibility

Analytical Foundation is a nonprofit organization (NGO) found for the purpose of:

**Analytical**  
**Foundation**

1. Research & Innovation Scientist's awards/QC Professional Award : Quality life is possible by innovation only and the innovation is possible by research only, hence ANALYTICAL FOUNDATION is committed to identify such personalities for their contributions across various field of Science and Technology and awarding them yearly. To participate for award, send us your details of research / testing / publication at [Info@analyticalfoundation.org](mailto:Info@analyticalfoundation.org)

2. Improving quality of life by offering YOGA Training courses, Work shops/Seminars etc.

3. ANALYTICAL FOUNDATION aims to DETOXYFY human minds,souls and body by means of yoga, Meditation, Ayurveda, Health Care, Awards, Media, Events, Camps etc.
