►► MINIMIZE RISK MAXIMIZE EFFICIENCY AT AN AFFORDABLE PRICE

Even with their high-resolution, full-color printing capabilities, ATL's Printing Solutions cost less than all other monochrome-only slide and cassette printers currently available. Small and space-efficient, you can likely afford—and almost certainly cost-justify—an on-demand manual cassette at the grossing stations and a slide printer at each microtome workstation. By placing printers at each station, you'll reduce or even eliminate mishandling and subsequent error rates. Workflow becomes more efficient, saving you time and money by inventorying only white-frosted slides and white cassettes.

►► SEVERAL CONFIGURATIONS AVAILABLE

Printers are available for third-party integration as well as in complete, stand-alone systems that include printers, software, scanner, keyboard, mouse and PC.
